

### **Snow Cone Recipe**

Here is a fun way to beat the winter blues! In class we made snow cones and it was an activity that the children really enjoyed. Families may want to repeat it at home.

Snow Cone Syrup: Make in advance and refrigerate.

- 2 cups of sugar
- 1 cup of water
- 1 pkg. unsweetened Koolaid mix

1. Mix sugar & water in saucepan. Boil over medium heat for 1-2 minutes
2. Remove from heat and add Koolaid. Mix. Let cool & refrigerate.

Fill blender about  $\frac{1}{2}$  full with ice cubes. Add 1 cup of water and chop, then blend. You may need to add more or less water. You may also need to stir the ice around to make sure all gets chopped. Scoop ice into paper cups. Pour snow cone syrup over ice. A sweet treat!!
